

Position Opening EMT / Safety Team Member

North Star BlueScope Steel is a \$1 Billion dollar joint venture between Cargill Inc, and BlueScope Steel, located in Delta, Ohio. Our company is proving itself to be a leader in the hot-rolled steel manufacturing industry. The successful candidate will be a member of one of the most technologically advanced Mini-Mill Steel Producing facilities in the world. In our 18 years of production we have established industry benchmarks for Safety, Productivity, Quality and Delivery Performance.

North Star BlueScope Steel has an immediate opening for an EMT in our Environmental Health and Safety (EHS) Department. The successful candidate must be willing to become a licensed Ohio EMT within 6 months of hire date. Candidate must also have 1-3 years safety or fire service experience or an Associate's Degree in a related field.

Key Competences for this position include:

- Working knowledge of Federal, Safety and Environmental Laws and Regulations, particularly on OSHA
- Basic Understanding of Security Management Systems
- Must be willing to work overtime/rotating shift
- Willing to work unusual hours
- Good Administrative / Computer skills
- Very good Interpersonal Communication Skills
- Teamwork skills
- Ability to take on additional responsibility

The applicant will attract a competitive market salary. In addition to base pay, North Star BlueScope Steel offers:

- Weekly Bonus Plan (Up to 70% of pay)
- Profit Sharing Plan

North Star BlueScope Steel provides a full range of benefits including pension, 401k with company match and also Health, Dental and Life Insurance Plans.
